

Android Developer (m/f/x) at BurdaForward in Bari

At BurdaForward...

we have a common mission: to support and provide people with individual, reliable and solution-oriented content throughout the day and help them lead a better life. That's why we do not only outline problems but point out how things can be improved - in society and in everyday life. We combine first-class journalism with innovative technology and we happily welcome anyone who wants to join us!

Bari is our product and development site and gains from the rapidly growing local tech community.

What you can expect from us...

- You are responsible for the development of our *Finanzen100* Android App – one of the most popular finance apps in Germany
- You'll engineer and design software components in close collaboration with UX, Design, Product Management and of course your co-developers
- You'll be working on a product and not on projects
- Our goal is to create products that work and are at the same time fun to use
- Stability and performance are the basis of our products

What we would expect from you.....

- You have experience in the development of Android apps with agile development processes
- You have good knowledge of Kotlin, Java and all common frameworks and tools (Android SDK, Firebase, Git)
- You have a solid knowledge of material design and modern Android versions
- You have a high willingness to learn and are enthusiastic about new technologies and tools
- You like to take responsibility and commitment for the products and services you're developing
- You're passionate, have strong problem-solving skills and performance and quality are important for you
- You can speak and write in English fluently and enjoy working in an international environment

Deadline : 31.August 2020

BurdaForward

That's good news

BurdaForward is the digital media house of the future. Our strong network is based on the journalistic brands FOCUS Online, CHIP, Finanzen100, NetMoms, The Weather Channel, EFAHRER.com and cardscout. We already inspire more than every second internet user in Germany (agof daily digital facts April 2019) and we are a driving force in the public debate - also by tradition: BurdaForward is part of Hubert Burda Media, a family company with values. As a publishing house that has been writing media history for more than a hundred years Hubert Burda Media assumes social responsibility by supporting cultural and social organisations to this day.
